**Subject:** File Requests  
**Attachments:** DD-request\_v1.xlsx

Ben,

We request production of the files on the attached list.

For the anim shots, we request all versions to build a timeline of when things were introduced. The Maya files can be in binary (.mb) or ASCII (.ma) format, but preferably ASCII.

Also, the Maya files have links to other assets, like textures and another type of links called 'references'. We request those as well.
